DETAILED ACTION

This Office Action is in response to applicants remarks filed on November 17, 2009.

Drawings

The drawings must show every feature of the invention specified in the claims. Therefore, the “the conductive layer being divided in at least 2 distinct areas, **each area being bound to an electrode**” must be shown or the feature(s) canceled from the claim(s). No new matter should be entered. The claimed “**electrode**” should also have a corresponding label/number in the body of the specification as well.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either “Replacement Sheet” or “New Sheet” pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner,

Art Unit: 2822

the applicant will be notified and informed of any required corrective action in the next Office action. The correction will not be held in abeyance.

Allowable Subject Matter

Claims **22-44** are allowed.

The following is an examiner's statement of reasons for allowance: Claims **22-44** are allowable because prior art does not disclose alone or in combination with the limitations of the independent claims 22 such as **"the conductive layer being divided in at least 2 distinct areas, each area being bound to an electrode"** (claim 22).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
